

Bellingham School District
2010-2013 Technology Plan Ad Hoc Committee

Agenda

February 25, 2010

I. Welcome

1. Review of the 2/18/10 minutes...
2. Thank you letter to Karen Cator, Director of Educational Technology at the U.S. Department of Education – more signatures, please.

II. Our Timeline

1. Given the fact that we would like to have the Board review the plan before we present it for approval, we need to have a draft together for Monday, March 1st.
2. It will allow Karst Brandsma an opportunity to review it and identify any holes that must be addressed before the Board's first viewing.
3. In order for the Board to have it in front of them for the March 11 meeting, the draft must be in Marilyn Grams' hands on March 3 so it may be included in the documents being prepared for the March 11 meeting.

III. Today's Plan

1. Break into groups of 3-4.
2. Review the draft document.
3. Provide feedback/input on how it may be improved for March 1.
