Purpose

- Review the existing district technology plan to identify and prioritize issues related to target areas;
- Investigate new technologies to foster 21st Century Skills in students, teachers and administrators;
- Update current district technology plan to include proficiencies of administrators, and teachers/teacher-librarians certified by Washington state;
- Assess the needs of the district to identify specific goals/targets for technology integration and support;
- Review the current District Technology Plan to identify and prioritize issues related to target areas;
- Draft recommendations to address selected areas related to technology funding, integration, access, support, and professional development; and
- Draft a revised District Technology Plan defining our future vision of technology integration and usage for Board approval.

Basis for Establishment

This committee investigates new technologies to foster 21st century skills in students and staff; updates the current technology plan, and oversees the implementation of the plan.

Committee Type

The Technology Plan Committee is a Standing Committee that is approved to do specific work over time, it does not dissolve.
