- Gaining additional understanding regarding timeline for implementation of CCSS for math and the impacts of that decision on the reporting committee work – what would our recommendation be?

Science Standards:

- Determining which science standards to align to – new national standards or existing WA state standards
- Drafting science reporting standards that align to BSD science scope and sequence

Tech/SIS Group:

- Developing powerpoint presentation for June overview training, to be viewed at all school sites
- Determining if powerpoint should be embedded in district wide elementary literacy PD video
- Determining recommendation for SIS training plans for August and throughout the 2012-2013 school year

Wrap up & Next Steps

Meeting Summary with Key Points:

- Groups spent the entire meeting in working sessions around their sub-committee tasks. Work groups included: Learner Behaviors, Literacy Reporting Standards, Math Reporting Standards, Science Reporting Standards, & Tech/SIS Group.

- A powerpoint is being developed to be shown in all 14 elementary schools to all elementary teachers prior to the end of the school year. The purpose of the video is to provide an overview of the new Student Information System, as it related to our new report card and reporting system, in hopes to allay fears related to the change. Screen shots of the SIS will be included, as well as dates and topics for trainings and implementation.
- The powerpoint will be embedded in the District Literacy WOW, scheduled to be viewed in a staff meeting at each site on (or near) May 23rd.

Next Meetings:

- May 24, 2012 Reporting Committee Meeting, 12:30-3:30 in Room 212, District Office
