Today's Objectives:

- Teams will analyze survey results and identify themes for consideration in the recommendation
- Teams will analyze data collected as part of initial course registrations at all three high schools to identify themes for consideration
- Teams will review feedback from our group for consideration
- Teams will revise initial recommendation based on themes from the survey, registration data and feedback from our group.

Welcome, Review Norms, Agenda: Stephanie Korn

Stephanie reviewed the norms for collaboration and agenda.

Survey Results: Stephanie Korn

The World Language Advisory Groups launched a survey to gain feedback from students, families, staff and community members. After reviewing the survey data and summary analysis from 1,369 individuals who took the survey, the group shared out around these areas.

- *What are the themes?*
- *What stands out and should be addressed in our recommendations?*
- *What implications do the results have for the individual group recommendations?*

Review High School Registration Data: Rob McElroy

Student registration requests for fall 2015 was collected from all three high schools and reviewed for input and insight around these questions.

- What courses are students interested in?
- What stands out and should be addressed in our recommendations?

Feedback Review: Stephanie Korn

Team reviewed their previous feedback as it was integrated into the draft recommendation around these areas:

- Heritage Speakers
- Methodologies / Models
- Community Partnerships
- Proficiency Expectations / Goals

Recommendation Revisions: Rob McElroy

Teams worked on final revisions to their recommendation based on the survey results, course registration data and feedback from the Advisory Group members.

Next Steps: April 21, 10:00-1:00: Writing Team- A writing group will compile input and data to develop a recommendation for the superintendent's consideration.
