

Bellingham Public Schools
Positive Behavior and Support Advisory Group
Meeting on February 4, 2015

Members in Attendance: Steve Morse, Kevin Terpstra, Charlotte Davis, Lurinda Ford, Chris Cochran

- It appears that K-2 has become a hot spot for students needing Tier 2 and Tier 3 intervention. Teachers also need a toolkit of classroom management/culture strategies for all 3 Tiers.
- We need a framework for teachers to work from and specific skills/strategies/attitudes.
- Rather than adding professional development to an already full PD calendar, can we figure out a way to integrate this training with TPEP and/or other scheduled PD opportunities?
- Next Steps: Steve will bring this idea to the BSD PD planning meeting with the DTL on Monday. Steve will work with Kristi Dominguez to determine what PD P-2 might need and which teachers can help facilitate the meetings.
- Chris Cochran, Lurinda Ford, and Kevin Terpstra all volunteered to help develop a framework and to help plan and facilitate PD.
