2. Please note commendable progress over the last year.

The board is in unanimous agreement that this is an area where the superintendent excels. The board is always well-informed and kept up to date on pertinent issues. This has been particularly notable when there have been issues with media coverage or wide-ranging concerns; communication has been timely, thorough and well-articulated. We appreciate the effort. The board also appreciates the use of advisory/planning groups and the regular reporting of their work to us. We feel that it is proof that the community (owners) have active participation in decision making.
