2. Please note commendable progress over the last year.

KB:

- Appreciate the excellent communication by the superintendent to the Board.
- Appreciate notification of any event that might be of interest to the Board.

DB:

- As noted in last year’s board response to EL-5: “Perhaps more than any other area, his performance has been, and is, a model for how these kinds of communications should be done.” This could be said again this year.
- The extensive use of advisory/planning groups and regularly reporting their work to the board assures us that the community (owners) have active participation in decision making.
- Updates to the board come regularly (often daily) and in multiple forms.

CDH:

- The superintendent has always gone above and beyond with his communication with the board. It’s definitely his strength. It doesn’t matter if it’s in email, or through a report or study session, the board appreciates the effort to keep us informed and up to date at all times.

JM:

- This is an area of particular success. The board is always well-informed and kept up to date on pertinent issues. This has been particularly notable when there have been issues with media

coverage or wide-ranging concerns; communication has been timely, thorough and well-articulated.

3. Please note areas for additional improvement.
