Monitoring Apps:

- Home Wifi access no matter the device: <https://kidswifi.com>
- iPhone, iPad and iPods: <https://netsanity.net>
- Android devices: <https://useboomerang.com>
- Both Apple iDevices and Androids: <https://www.bark.us>
- Unglue- time management app sets limits across platforms, earn extra time for chores, etc. Focus on ownership and responsibility. <http://www.unglue.com>
- Home Guard: <http://veridium.net/> allows parent to capture screen shots of everything that pops up on the monitor, tracks every keystroke typed, captures web site visited, email sent and received including any and all attachments, all chat activity, everything done in Facebook and other social networks, all online searches in any and every browser used, all programs used, then prepares a report for your review that you can program to see daily, bi-weekly, weekly, or monthly via your email.
- Native parental controls (in phone settings):
Androids <https://www.youtube.com/watch?v=IfYgFdgVFhs>
I Phone <https://www.youtube.com/watch?v=-3la09CnU8g>

Privacy Settings- check monthly, updates may change defaults

Instagram: <https://www.youtube.com/watch?v=TXDf5Qci7xs&t=>

Facebook: <https://www.youtube.com/watch?v=9xAUyoaS8Ss>

Confidential emergency account list (sealed)
