An BVL student says . . .

The classes are great. They’ve helped me get more things done because I have deadlines and time frames I have to stick with. What I really like is working with the other kids. Through the discussion boards and chat rooms, we work together on a variety of projects.

**What is Bellingham Virtual Learning?**

The Bellingham Virtual Learning (BVL) program is a Web-based educational project of Bellingham Public Schools that provides instructor-led online courses to students. All instructors have valid state certification in their subject areas. BVL presents students with an interactive learning experience, not a textbook online.
