

**Minutes Meeting #10
Parkview Elementary School
Ed Spec/Design Advisory Committee
Thursday, May 23, 2019**

Ron Cowan welcomed the committee and thanked them for attending the Neighborhood meeting.

He explained that the purpose of the meeting was to determine if, based on the questions and feedback from the Neighborhood meeting, they would like to make any changes to the recommended site and floor plans shared at the meeting.

The committee unanimously agreed that the site and floor plans shared at the Neighborhood meeting do not need to be changed and should be included as part of their recommendation to Dr. Baker.

Cindy Scott stressed the importance of including information about the Safe Routes to School Grant in the recommendation. Ron indicated that information would be included.

A committee member indicated there was some confusion about whether the classrooms would have a door directly to the exterior. Ron indicated that unfortunately, due to security issues, there will not be doors from the classrooms directly to the outside.

Meeting adjourned 7:30 p.m.
