Health Screening Questions

1a. Do you have any of these symptoms?

- Fever over 100.4?
- Persistent cough?
- Difficulty breathing?
- Sore throat?
- Muscle Aches?
- Headache?

1b. Have you taken any fever-reducing medication today?

1c. Does anyone in your household have the symptoms in #2a above?

If YES: A staff member or student who had signs of suspected or confirmed COVID-19 can return to the program when:

- *At least three days (72 hours) have passed since recovery – defined as no fever without the use of medications and improvement in respiratory signs like cough and shortness of breath; AND*
- *At least 10 days have passed since signs first showed up. OR*
- *It has been at least three days (72 hours) since recovery AND a health care provider has certified that the student does not have suspected or confirmed COVID-19.*

2. Have you had contact with anyone known to have a lab-confirmed case of COVID-19?

If YES: If a person believes they have had close contact to someone with COVID-19, but they are not sick, they should watch their health for signs of fever, cough, shortness of breath, and other COVID-19 symptoms during the 14 days after the last day they were in close contact with the person sick with COVID-19. They should not go to work, child care, school, or public places for 14 days.
