

Ends Monitoring Report 2.1, Part 1 - Data Table of Contents

	Page
A) MAP Growth Assessment – Bellingham Public Schools	1
A1 Reading Percentile Averages from Fall 2018 to Fall 2020 by Grade Level Average percentiles by grade level based on NWEA national norm study.	
A2 Math Percentile Averages from Fall 2018 to Fall 2020 by Grade Level Average percentiles by grade level based on NWEA national norm study. Fall 2018 data for grades 6-8 is not shown since it was incomplete and not representative of each grade level.	
A3 Reading Projected Proficiency Levels in Spring for All Student Tested from Fall 2018 to Fall 2020 Fall test scores are used to project how students will do on the Smarter Balanced state tests in spring. Proficiency at Level 3 would meet the performance standard.	
A4 Math Projected Proficiency Levels in Spring for All Student Tested from Fall 2018 to Fall 2020	
A5 Reading Projected Proficiency Levels from Fall 2020 by Grade Level	2
A6 Math Projected Proficiency Levels from Fall 2020 by Grade Level	
B) MAP Growth Assessment Percentiles by Student Groups – Bellingham Public Schools	3
Average percentiles of students grouped by free/reduced price meal participation, ELL program, students with IEPs, and students who identify as Hispanic or White.	
B1 Reading Percentile Averages in Fall 2019	
B2 Math Percentile Averages in Fall 2019	
B3 Reading Percentile Averages in Fall 2020	
B4 Math Percentile Averages in Fall 2020	
C) Change in MAP Test Score Quintiles from Fall to Fall and Grouped by Grade Level	4
Percentages show the distribution of students tested in each grade by their relative shift in test percentile from the previous fall. Maintainers are students whose test scores stayed within the same quintile. Gainers are students whose test scores increased one or more quintiles. Sliders are students who test scores decreased one or more quintile.	
C1 Reading Test Change from Fall 2018 to Fall 2019	
C2 Math Test Change from Fall 2018 to Fall 2019	
C3 Reading Test Change from Fall 2019 to Fall 2020	
C4 Math Test Change from Fall 2019 to Fall 2020

D) Change in MAP Test Score Quintiles from Fall 2018 to Fall 2019 by Student Groups	5
Percentages show the distribution of all grade 4-8 students by their relative shift in test percentile from the previous fall. Maintainers are students whose test scores stayed within the same quintile. Gainers are students whose test scores increased one or more quintiles. Sliders are students who test scores decreased one or more quintile. Student are grouped by free/reduced price meal participation, ELL program, students with IEPs, students who identify as Hispanic or White, and all students.	
D1 Reading Test Change in Performance from Fall 2018 to Fall 2019	
D2 Math Test Change in Performance from Fall 2018 to Fall 2019	
E) Change in MAP Test Score Quintiles from Fall 2019 to Fall 2020 by Student Groups	6
E1 Reading Test Change in Performance from Fall 2019 to Fall 2020	
E2 Math Test Change in Performance from Fall 2019 to Fall 2020	
F1) DreamBox Mathematics Progress - October 2020 to January 2021	7
Predicted end-of-year performance shows the percent of students who are predicted to be on track, potentially on track, or not on track to meeting end-of-year standards as measured by assessments such as Smarter Balanced. Data is based on students who are meeting the sufficient usage benchmarks to generate a diagnostic prediction.	
F2) Lexia Literacy Progress - October 2020 to January 2021	7
Percent of students who are working with below grade level, in grade level, or above grade level material as they progress through the activities. This chart shows the grade level distributions at the start in October and by end of January. Data is based on students who are meeting the weekly usage targets.	

A) MAP Growth Assessment – Bellingham Public Schools

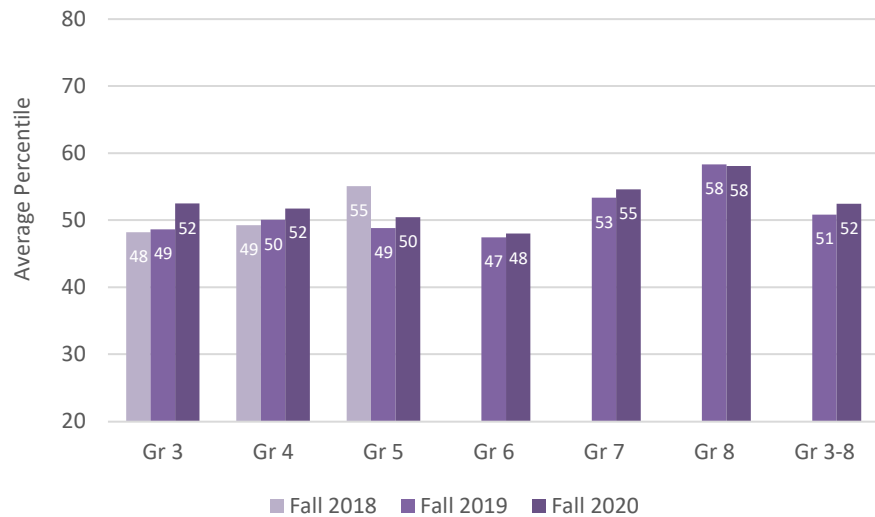

A1 Reading Percentile Averages
Fall 2018 to Fall 2020 by Grade Level

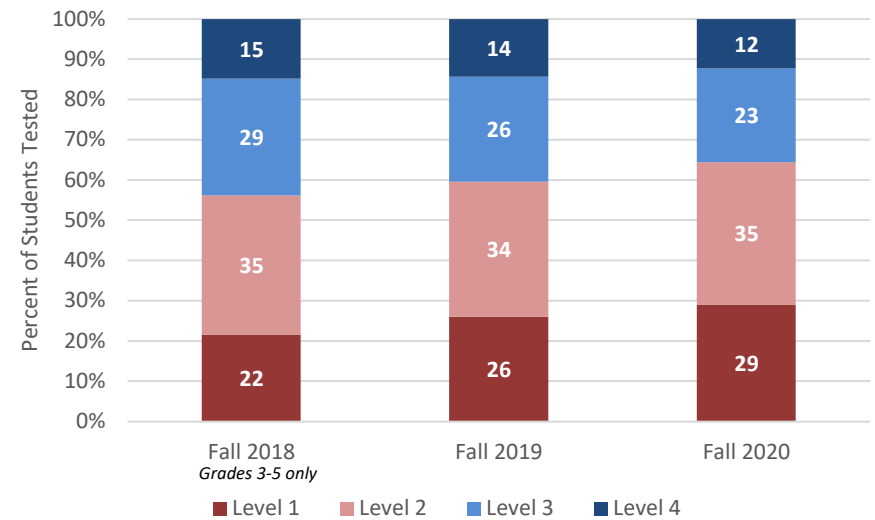

A3 Reading Projected Proficiency Levels in Spring
for All Students Tested Fall 2018 to Fall 2020

A2 Math Percentile Averages
for Fall 2018 to Fall 2020 by Grade Level

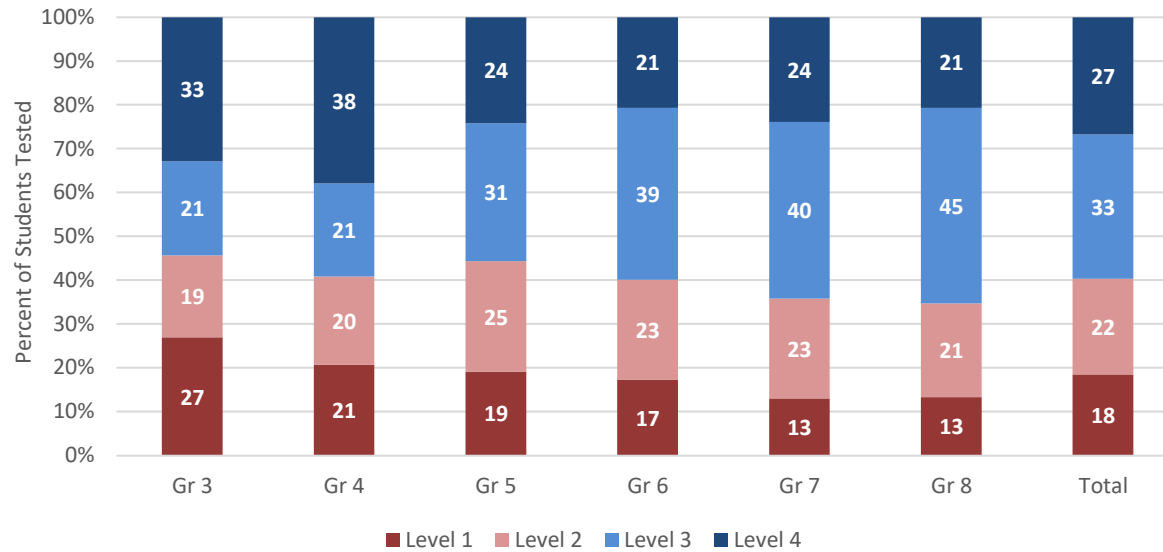

A4 Math Projected Proficiency Levels in Spring
for All Students Tested Fall 2018 to Fall 2020

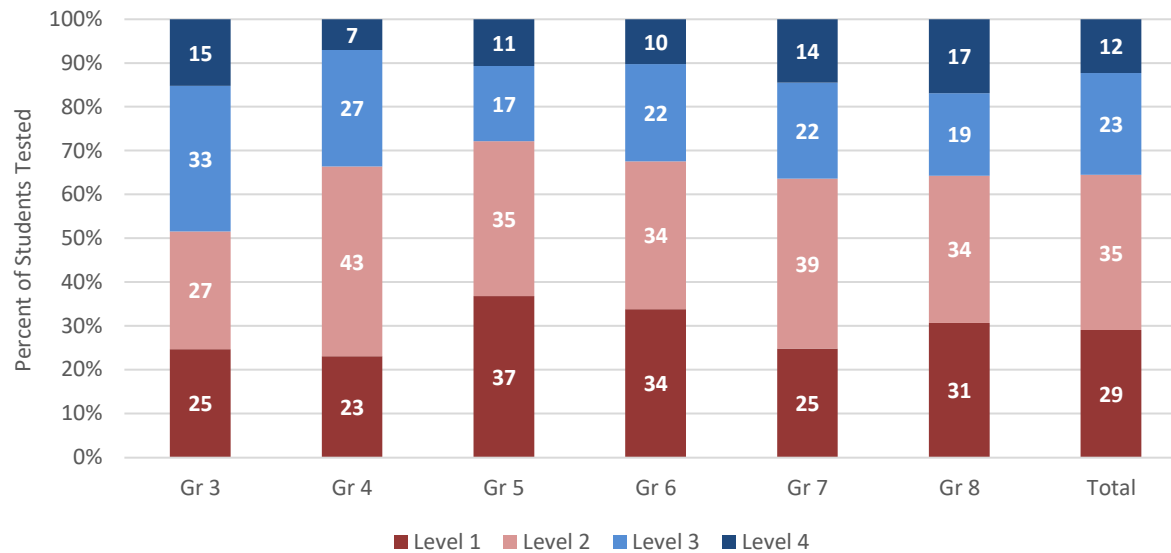

A) MAP Growth Assessment – Bellingham Public Schools

A5 Reading Projected Proficiency Levels in Fall 2020 by Grade Level

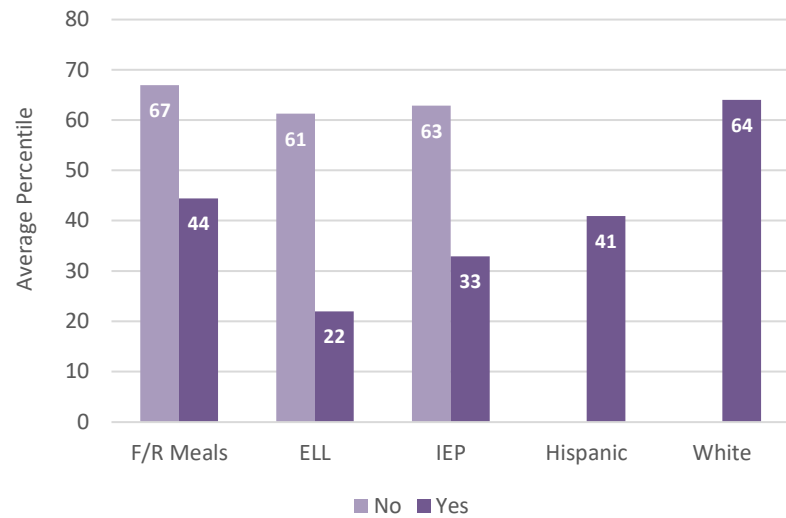

A6 Math Projected Proficiency Levels in Fall 2020 by Grade Level

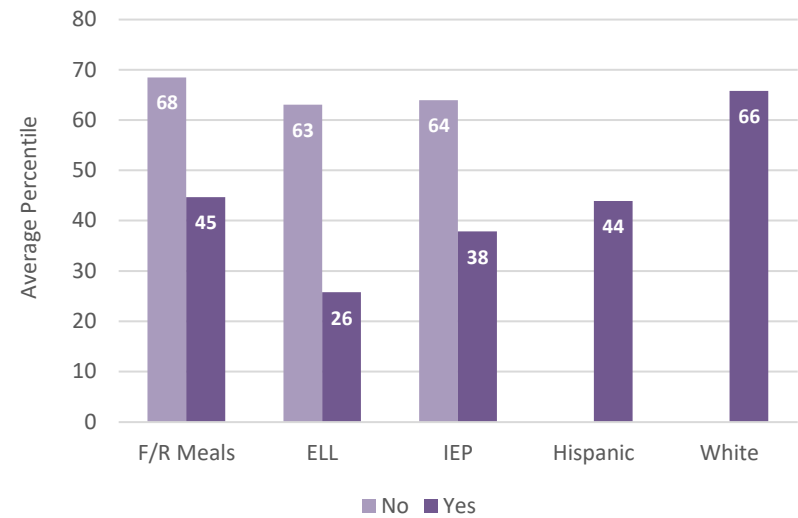

B) MAP Growth Assessment Percentiles by Student Groups – Bellingham Public Schools

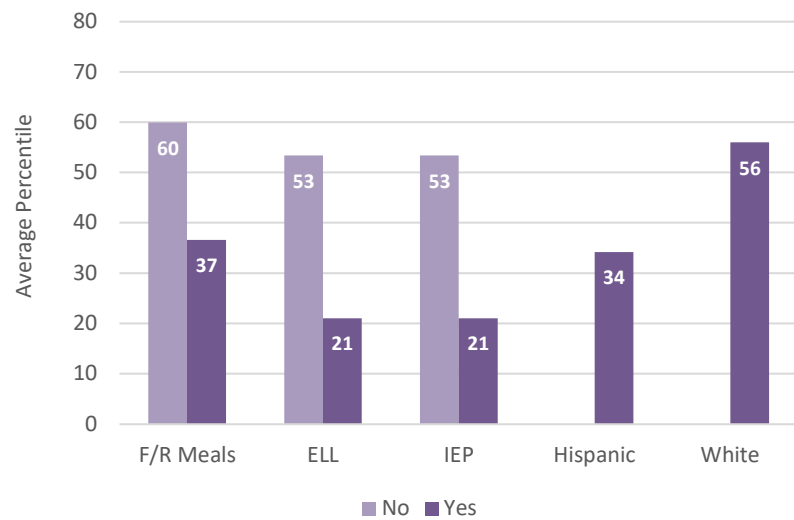

B1 Reading Percentile Averages in Fall 2019

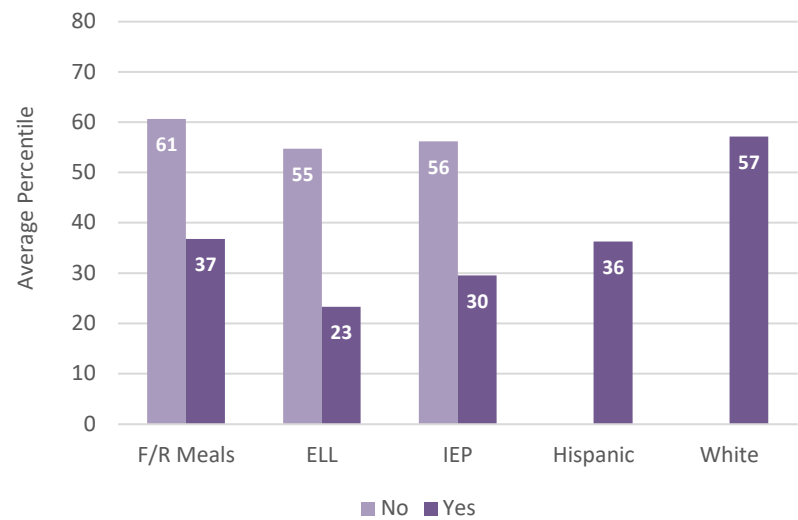

B3 Reading Percentile Averages in Fall 2020

B2 Math Percentile Averages in Fall 2019

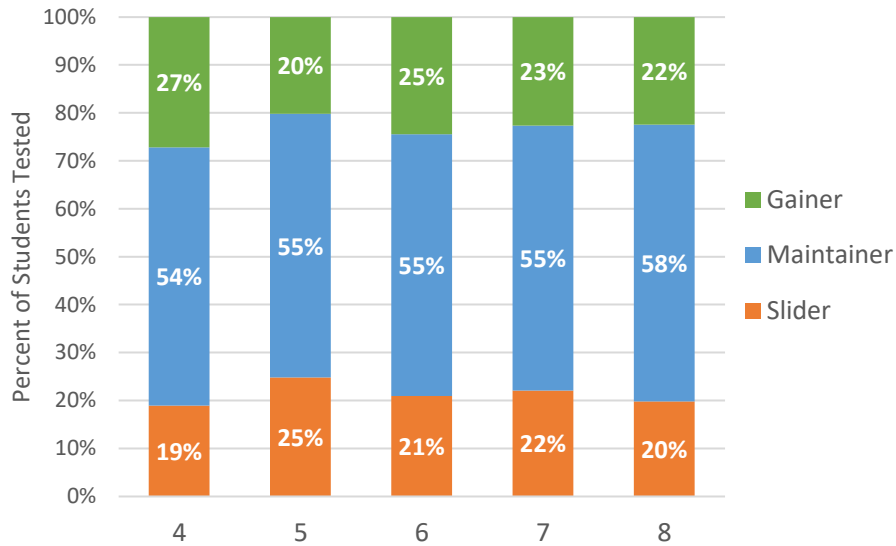

B4 Math Percentile Averages in Fall 2020

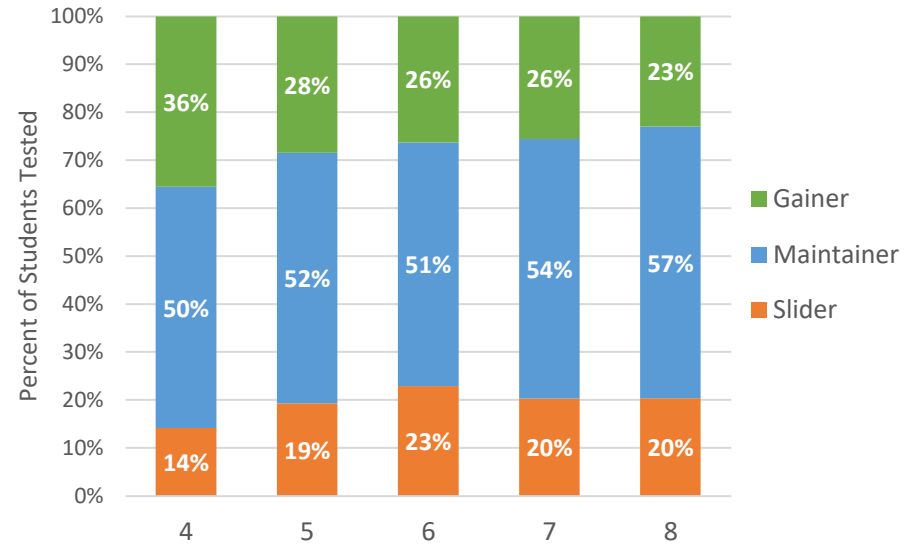

C) Change in MAP Test Score Quintiles from Fall to Fall and Grouped by Grade Level

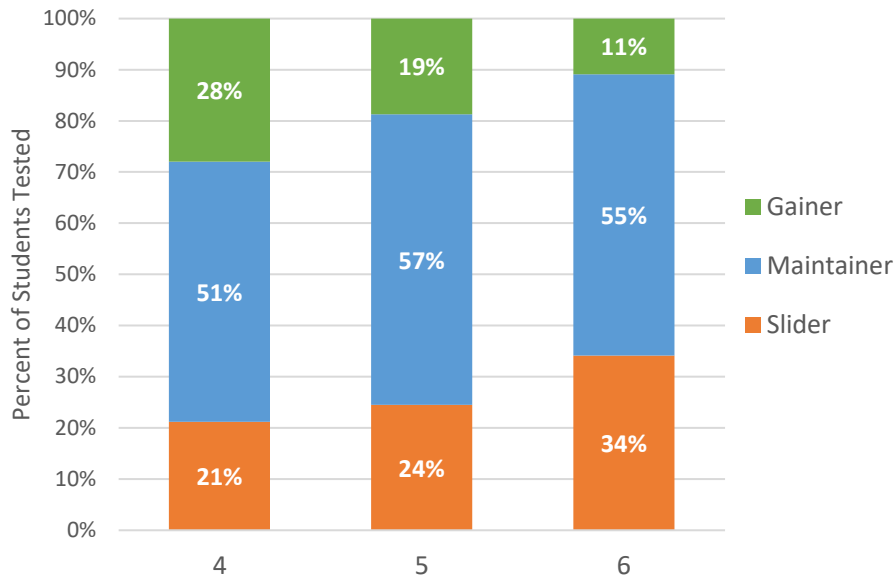

C1 Reading Test Change from Fall 2018 to Fall 2019

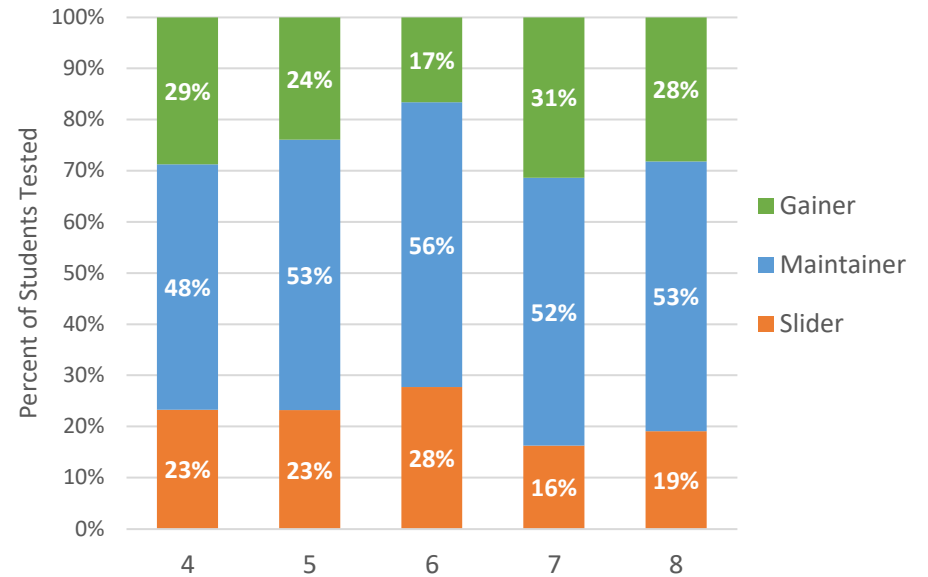

C3 Reading Test Change from Fall 2019 to Fall 2020

C2 Math Test Change from Fall 2018 to Fall 2019

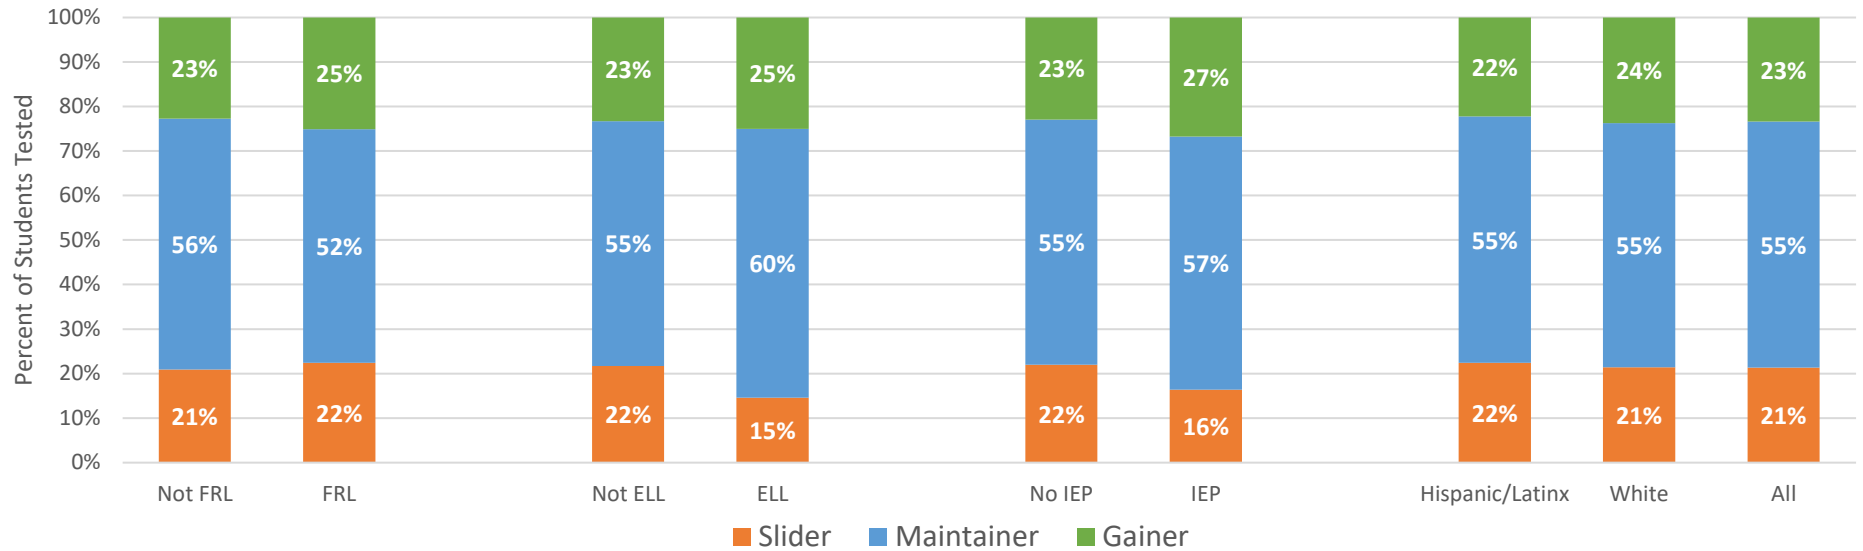

C4 Math Test Change from Fall 2019 to Fall 2020

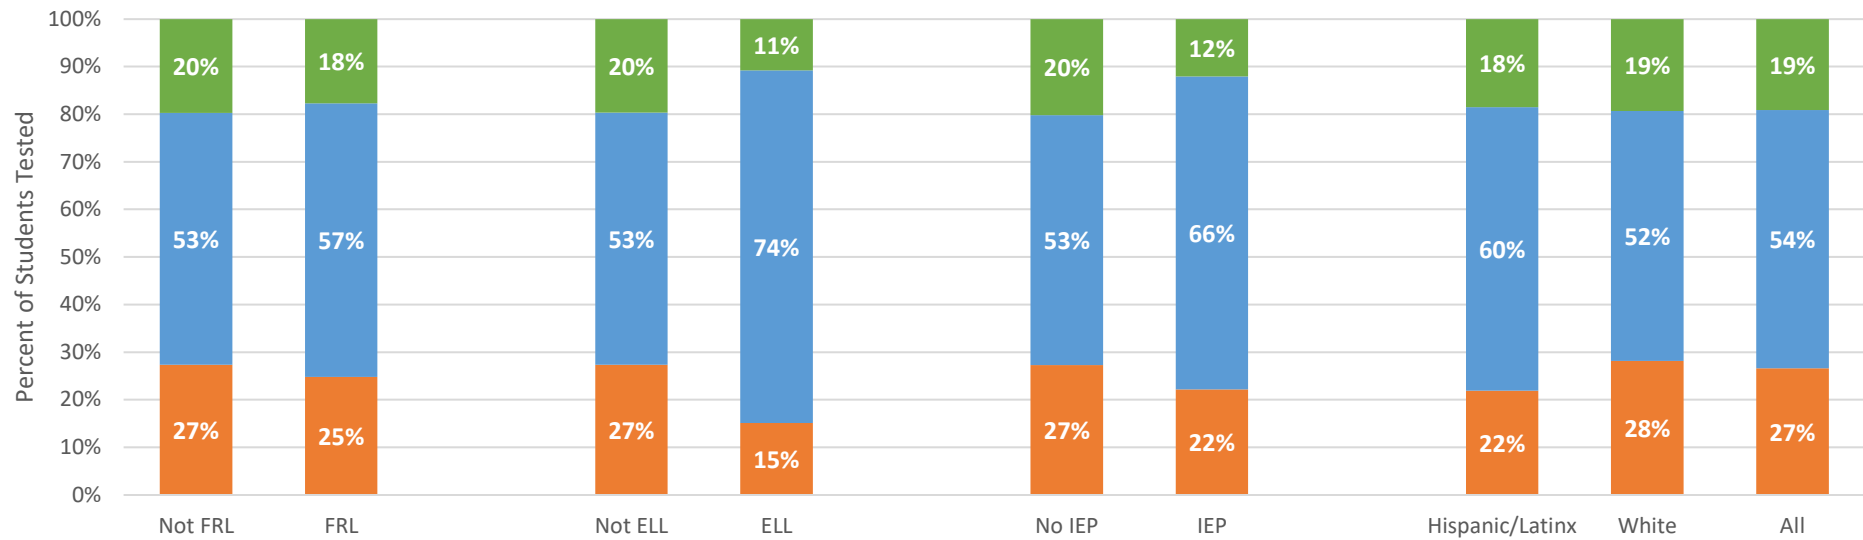

D) Change in MAP Test Score Quintiles from Fall 2018 to Fall 2019 by Student Groups

D1 Reading Test Change in Performance from Fall 2018 to Fall 2019

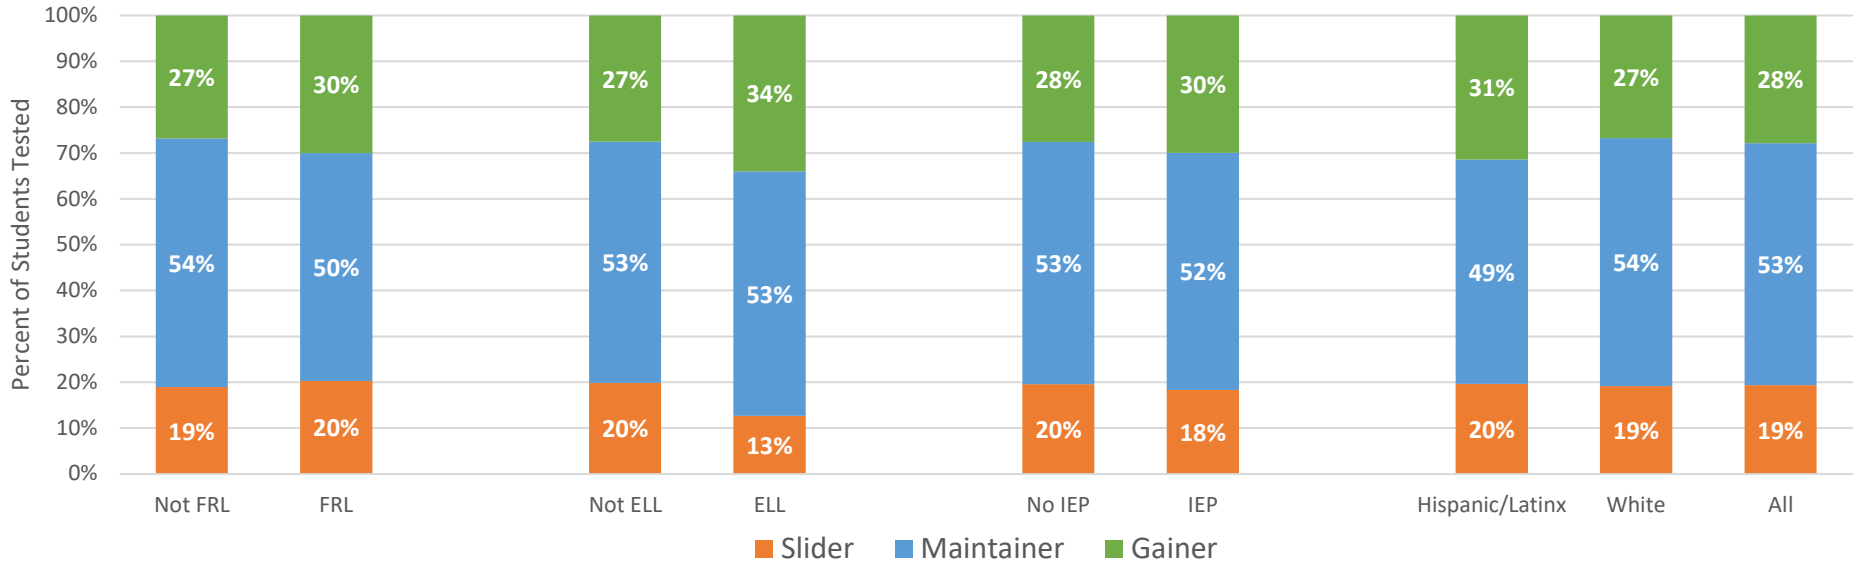

D2 Math Test Change in Performance from Fall 2018 to Fall 2019*

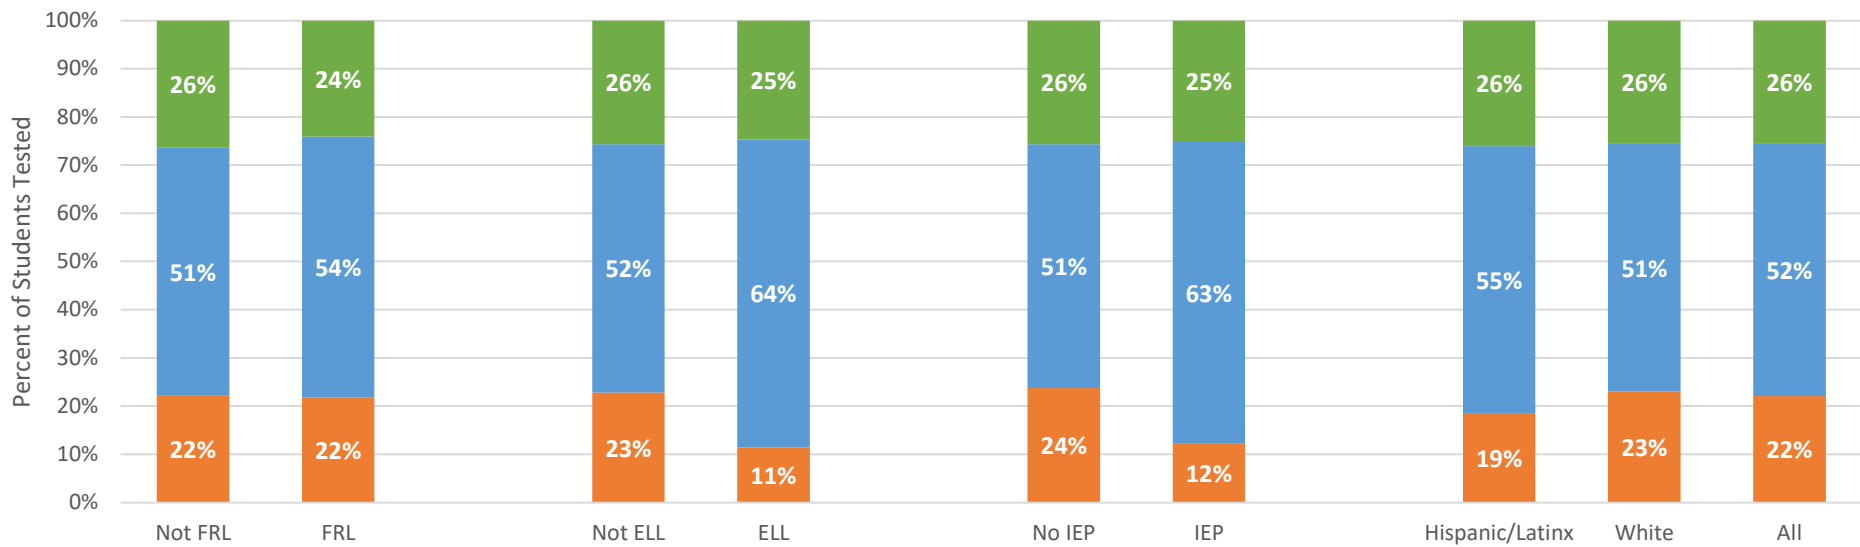

* Student cohort is from grades 3-5 of Fall 2018

E) Change in MAP Test Score Quintiles from Fall 2019 to Fall 2020 by Student Groups

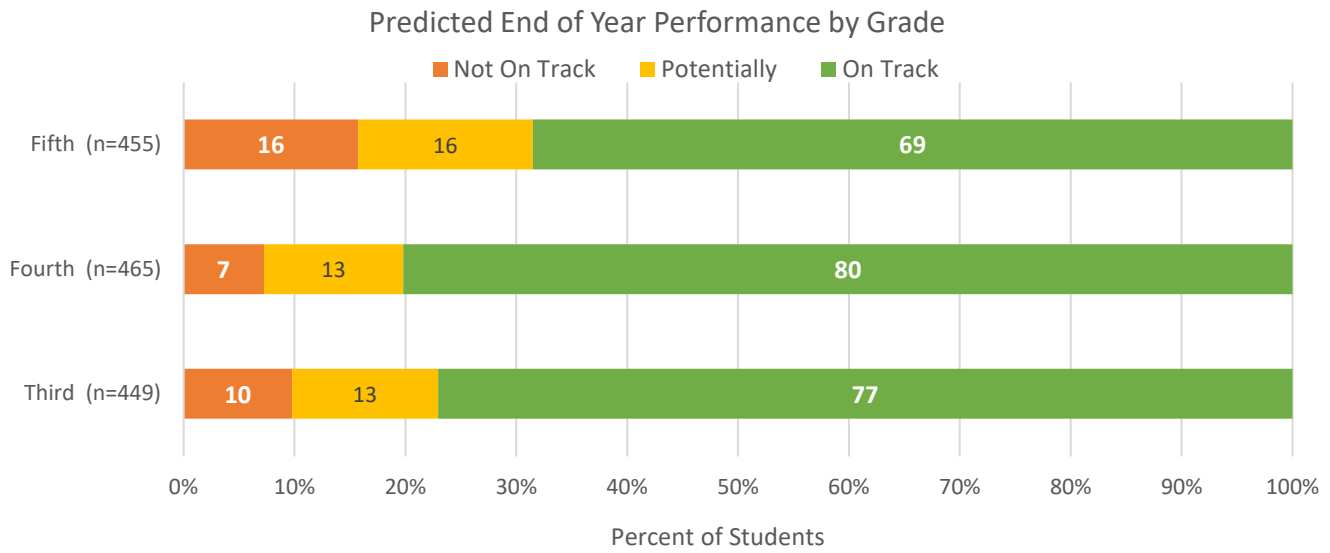

E1 Reading Test Change in Performance from Fall 2019 to Fall 2020

E2 Math Test Change in Performance from Fall 2019 to Fall 2020

F.1) DreamBox Mathematics Progress - October 2020 to January 2021

F.2) Lexia Literacy Progress - October 2020 to January 2021
