- 3Rs is releasing WA specific lessons to align with our legislative requirements
- Waiting for OSPI review to publish the new lessons - Spring/Summer 2022
- Most lessons are the same or very similar to the ones we've reviewed. Biggest change is they've added additional lessons
- Suggesting to pause our task force until the lessons are released

If 3Rs hasn't released their WA specific lessons in the next few weeks, then we will reconvene in the Fall to:

1. Relook at 3Rs at determine if we would still like to make that recommendation
2. Select lessons to be taught at each grade level
3. Identify professional development needs
