2. Please note commendable progress over the last year.

During the summer months of 2020, more than 17,000 books were mailed to 1,400 students at all 14 of our elementary schools. Each student participating received an average of 12 books each.

The district appears to be approaching the point where you cannot distinguish between students of various ethnic and socio-economic status by their graduation rates. This is significant progress towards a very high bar.

The board continues to be impressed with all the creativity during the pandemic. A virtual middle school concert has got to be one of the highlights of the year. Not just for the young musician, but for their family as well.

Continued increase in graduation rates \*and\* an increase in CTE certifications. Bravo.

3. Please note areas for additional improvement.

Continued work on the Bellingham Promise.

4. Comments on the report itself.

We appreciate hearing specific examples of different work and efforts. These sometimes go beyond the numbers in helping us understand the district’s progress in many areas.
